## § 110 Introduction

Judicial officers and certain judicial employees are required to file financial disclosure reports by Title I of the Ethics in Government Act of 1978, Pub. L. No. 95-521, amended by the Ethics Reform Act of 1989, Pub. L. No. 101-194, 103 Stat. 1716, [5 U.S.C. app. §§ 101-111](#) (the Act). The Act enumerates the types of information required and prescribes the general format and procedures for the reports.

## § 120 Authority

The regulations in this volume are issued under the Act's authority. The Judicial Conference of the United States is responsible for compliance with, and implementation of, the Act by the federal judiciary (**see:** [5 U.S.C. app. § 111](#)). In September 1990 and September 2017, the Conference delegated this authority to its Committee on Financial Disclosure, as authorized by the Act (**see:** [JCUS-SEP 90](#), p. 85; [JCUS-SEP 17](#), p. 13). In 2017, the Committee approved a revised set of financial disclosure regulations. The Committee has prescribed [Form AO 10](#) for filing financial disclosure reports.

## § 130 Purpose

This volume supplements and implements Title I of the Act with respect to judicial officers and judicial employees, by setting forth more specifically the uniform procedures and requirements for the judiciary's financial disclosure system.

## § 140 Applicability

This part of Volume 2 applies to all judicial officers and judicial employees required by the Act to file financial disclosure reports.

## § 150 In General

- (a) Title I of the Act requires that designated federal officials disclose publicly their personal financial interests, to ensure confidence in the integrity of the federal government by demonstrating that they are able to carry out their duties without compromising the public trust.
- (b) Financial disclosure reports are not net-worth statements. Financial disclosure systems seek only the information that the judiciary has deemed relevant to the administration and application of conflict of interest laws, statutes on ethical conduct or financial interests, and regulations on standards of ethical conduct.
- (c) Nothing in the Act or these regulations requiring reporting of information or the filing of any report may be deemed to authorize:
  - receipt of income, honoraria, gifts, or reimbursements;
  - holding of assets, liabilities, or positions; or
  - involvement in transactions that are prohibited by law or regulation.

**See:** § 160, below.

- (d) The Administrative Office of the U.S. Courts (AO) is responsible for processing, maintaining, and releasing financial disclosure reports in accordance with the statute and this part of Volume 2.
  - (1) In accordance with the statute, the reports are maintained for six years, after which they are destroyed unless needed in an ongoing investigation.
  - (2) For individuals who file a report as a nominee pursuant to Guide, Vol. 2D, § 210.20 and are not subsequently confirmed by the Senate, such reports will be destroyed one year after the individual

is no longer under consideration by the Senate, unless needed in an ongoing investigation.

## § 160 Relationship to Codes of Conduct

- (a) This part of Volume 2 pertains only to the filing of financial disclosure reports.
- (b) The disclosure requirements and exemptions from disclosure contained in the Ethics in Government Act neither define nor limit the standards imposed by the Code of Conduct for United States Judges and other rules of the Judicial Conference or the statutory provisions for disqualification or recusal.
- (c) Article III judges, bankruptcy judges, and magistrate judges are governed by the [Code of Conduct for United States Judges \(Guide, Vol. 2A, Ch. 2\)](#).
- (d) Judicial employees are governed by the [Code of Conduct for Judicial Employees \(Guide, Vol. 2A, Ch. 3\)](#).
- (e) Federal public defender employees are governed by the Code of Conduct for Federal Public Defender Employees (see Guide, Vol. 2A, Ch. 4).
- (f) AO employees are governed by the Code of Conduct for Administrative Office Employees (*AO Manual*, Vol. 4, Ch. 2).

## § 210 Who Must File and When

### § 210.10 New Entrants

- (a) Within 30 days of assuming a position as a judicial officer or judicial employee (as defined in Guide, Vol. 2D, § 170), or within 30 days of receiving notification from the Administrative Office of the U.S. Courts (AO), whichever is later, an individual must file a financial disclosure report. However, no report is required if the individual:
- (1) has, within 30 days prior to assuming such position, left another position or office for which a public financial disclosure report under the Act was required to be filed; or
  - (2) has already filed such a report as a nominee or candidate for the position.

- (b) A new entrant who has left another position or office within 30 days and who is not required to file a new financial disclosure report pursuant to this section must, upon the request of the Judicial Conference's Committee on Financial Disclosure (Committee) or its staff, provide to the Committee a copy of the filer's most recent financial disclosure report filed with the former office or agency. For special rules for new entrant reports, **see:** [§ 210.30](#).

**Example:** Y, a Treasury Department employee who has previously filed public financial disclosure reports under the Act, terminates employment with that department on January 12, 2015, and begins employment with the judiciary on February 10, 2015, in a covered position that requires the filing of a financial disclosure report. Y is not a new entrant since Y has assumed a position described in § 210.10 within 30 days of leaving a similarly described position. Y, therefore, need not file a new report.

## § 210.20 Nominees

- (a) Within five days of the transmittal by the President of the United States to the Senate of the nomination of an individual to a position, appointment to which requires the advice and consent of the Senate, such individual must file a financial disclosure report containing the information described in [§ 210.30](#) and Guide, Vol. 2D, §§ 310-330.
- (b) An individual whom the President of the United States or President-elect has publicly announced that he or she intends to nominate to a position may file the financial disclosure report required by this section at any time after that public announcement, but not later than five days after the transmittal of the nomination to the Senate.

### § 210.20.10 Updated Disclosure

- (a) Each individual described in § 210.20 who is nominated by the President of the United States for appointment to a position that requires advice and consent of the Senate, must, at or before the commencement of the first Senate committee hearing to consider the nomination, submit to the Judicial Conference's Committee on Financial Disclosure an amendment to the report previously filed under § 210.20 and transmit copies of the amendment to the designated agency ethics official referred to in Guide, Vol. 2D, § 430 and to the AO.
- (b) The amendment to the report must update, through the period ending no more than five days prior to the commencement of the hearing, the disclosure of information required with respect to receipt of:
- (1) outside earned income; and

- (2) honoraria, as defined in Guide, Vol. 2D, § 170.

### § 210.30 Special Rules for New Entrant and Nominee Reports

Each financial disclosure report filed under [§ 210.10](#) and [§ 210.20](#) must include a full and complete statement of the information required to be reported according to the provisions of Guide, Vol. 2D, Ch. 3, except for § 315.40 (relating to transactions) and § 330 (relating to gifts and reimbursements). The following special rules also apply:

- (a) Interests in Property

For purposes of Guide, Vol. 2D, § 310, the report must include all interests in property (as defined in Guide, Vol. 2D, § 170) specified by that section that are held on or after a date that is fewer than 31 days before the date on which the report is filed.

- (b) Income

- (1) For purposes of Guide, Vol. 2D, § 320, the report must include all income items specified by that section that are received or accrued during the period beginning on January 1 of the preceding calendar year and ending on the date on which the report is filed, except as otherwise provided by [§ 210.20.10](#) relating to updated disclosure for nominees.
- (2) The report must identify the filer's sources of compensation (other than from United States government employment) exceeding \$5,000 during either of the preceding two calendar years or during the current calendar year up to the date of filing, and must briefly describe the nature of the duties performed or services rendered by the reporting individual for each such source of compensation. Information need not be reported, however, that is considered confidential as a result of a privileged relationship, established by law, between the reporting individual and any person. The report also need not contain any information with respect to any person for whom services were provided by any firm or association of which the reporting individual was a member, partner, or employee, unless such individual was directly involved in the provision of such services.

**Example 1:** A new entrant hired on June 30, 2015 must file a first financial disclosure report by July 30, 2015. The filer must provide the source, type, and amount of income received exceeding \$5,000, from any position during the calendar year 2013, other than from the United States government, from January 1, 2013 through at least June 30, 2015.

**Example 2:** A nominee who is a partner or employee of a law firm who has worked on a matter involving a client from which the firm received fees during a calendar year must report the name of the client and the filer's amount of compensation if the compensation received by the nominee exceeded \$5,000. The name of the client would not normally be considered confidential.

(c) Liabilities

For purposes of Guide, Vol. 2D, § 335, the report must include all liabilities specified by that section that are owed during the period beginning on January 1 of the preceding calendar year and ending fewer than 31 days before the date on which the report is filed.

(d) Agreements and Arrangements

For purposes of Guide, Vol. 2D, § 340, the report must include only those agreements and arrangements that still exist at the time of filing.

(e) Outside Positions

For purposes of Guide, Vol. 2D, § 355, the report must include all such positions held during the preceding two calendar years and the current calendar year up to the date of filing.

## § 210.40 Annual Filers

- (a) Any individual who is a judicial officer or judicial employee (as defined in Guide, Vol. 2D, § 170) during any calendar year and performs the duties of his or her position or office for a period in excess of 60 days in that calendar year must file a financial disclosure report.
- (b) Each report must include a full and complete statement of the information for the preceding calendar year whose reporting is required by Guide, Vol. 2D, Ch. 3. Reports are due on or before May 15 of the following year.

### § 210.40.10 Part-Time Magistrate Judges

A part-time magistrate judge who normally will perform the duties of the office for 60 days or less each year is not required to notify the Committee of exempt status. **See:** [§ 210.60.10](#).

## § 210.50 Termination of Employment

- (a) On or before the 30th day after separation from employment, or a reduction in base salary to below the reporting threshold, a judicial officer

(except as provided below in paragraph (c) or (d)) or judicial employee (as defined in Guide, Vol. 2D, § 170, except as provided below in paragraph (d)) must file a final financial disclosure report. However, if within 30 days of such termination the individual assumes employment in another position or office for which a public report is required to be filed under the Act, no final report is required under this paragraph.

- (b) If the filer's annual report for the preceding year has not yet been filed, the preceding year must be included in the final report as well. Each final report must include a full and complete statement of the information required to be reported under Guide, Vol. 2D, Ch. 3 for the period beginning on the last date covered by the most recent financial disclosure report filed by the reporting individual under this part, or on January 1 of the preceding calendar year, whichever is later, and ending on the date on which the filer's employment terminates.

**Example:** If a filer retires on April 5, 2015, and has not yet filed an annual report for 2014, the final report must be filed by May 5, 2015, and the reporting period would be January 1, 2014 to April 5, 2015.

- (c) A judicial officer who works more than 60 days in a calendar year is required to file a final report within 30 days after resigning under [28 U.S.C. § 371\(a\)](#) or otherwise ceasing to continue in such position. A judicial officer who retires under 28 U.S.C. § 371(b) is not required at that time to file a final report, but continues to be obligated to file an annual report for any year in which the relevant Judicial Council authorizes the employment by the judge of at least one law clerk or secretary, unless the judge certifies that he or she did not perform the duties of the office for more than 60 days (**see:** [§ 210.60.10](#)).
- (d) Recalled judges or re-employed annuitants who are employed immediately after retirement, and who performed the duties of their positions for more than 60 days in the calendar year, should not file a final report, but should continue to file annual reports.
- (1) Recalled judges or re-employed annuitants who are not employed within 60 days of retirement should file a final report.
  - (2) After filing a final report, if the recalled judge or re-employed annuitant performs the duties of his or her position for more than 60 days in a calendar year, he or she must file an initial report, followed by annual reports for each year that the reporting requirements are met.

## **§ 210.60 Persons Excluded by Rule**

### **§ 210.60.10 Employment of 60 Days or Less**

- (a) Any judicial officer or judicial employee (as defined in Guide, Vol. 2D, § 170) who performs the duties of his or her position or office for a period of 60 days or less in a calendar year, is not required to file an annual financial disclosure report for that calendar year.
- (b) However, the filer must certify in writing to the Committee by May 15th that the filer did not work more than 60 days during the preceding calendar year.

### **§ 210.60.20 Special Waiver of Reporting Requirements (130-Day Rule)**

- (a) General Rule

In unusual circumstances, the Committee may grant a request for a waiver of the reporting requirements for an individual who is reasonably expected to perform, or has performed, the duties of an office or position for fewer than 130 days in a calendar year, but only if the Committee determines that:

- (1) the individual is not a full-time employee of the United States government;
- (2) the individual is able to provide services specially needed by the United States government;
- (3) it is unlikely that the individual's outside employment or financial interests will create a conflict of interest; and
- (4) public financial disclosure by the individual is not necessary under the circumstances.

- (b) Procedure

Requests for waivers must be submitted in writing to the Committee in sufficient time prior to the filing deadline for the Committee to consider the request. The request must include:

- (1) the name of the individual and his or her position, the approximate number of days in a calendar year that he or she expects to serve or the actual number of days that he or she did serve in that position, and a request to waive the reporting requirements under this chapter; and

- (2) the reasons for the individual's belief that the conditions of § 210.60.20(a)(1)-(4) are met in the particular case.

## **§ 210.70 Timeliness**

- (a) The date of filing is determined by the date a report is received by the Committee through its electronic filing system.
- (b) To remind and assist filers of their annual reporting obligation, each spring the Committee electronically sends filing information to all filers. The information contains links to resource material and software required to complete the report.
- (c) Each filer is personally responsible for filing an annual financial disclosure report, whether or not filing information or a reminder is received.
- (d) Reports that are not filed in a timely manner are subject to a late filing fee (**see:** Guide, Vol. 2D, § 610).

## **§ 210.80 Extensions**

- (a) A filer may request from the Committee an extension of the due date up to a maximum of 90 days (**see:** [5 U.S.C. App. § 101 \(g\)\(1\)](#)).
- (b) Extension requests should be submitted to the Committee through the electronic filing system, and must state the number of additional days requested and why the extension is necessary.
- (c) If, after an extension, the new due date falls on a weekend or holiday, the report will be due on the next business day that is not a weekend or holiday.

## **§ 220 How and Where to File**

### **§ 220.10 Confidential Registration**

- (a) The use of the electronic filing system requires the one-time submission of a confidential registration form.
- (b) This form must be mailed to the AO's Financial Disclosure Office and must bear the filer's original ("wet") signature.
- (c) Upon receipt of this document, the filer will be advised that his or her electronic filing privileges have been activated.
- (d) Each filer acknowledges that:

- (1) all further communication with the Committee will be accomplished through the electronic filing system;
- (2) it is the responsibility of the filer to maintain his or her primary and secondary personal email addresses in the electronic filing system; and
- (3) all documents submitted through the electronic filing system under the filer's unique login and password, combined with a signature as defined in [§ 220.40](#), will be treated as signed by the filer for all purposes.

### **§ 220.20 Reporting Form**

The Committee provides an approved form for reporting the information described in Guide, Vol. 2D, Ch. 3. All reports, amended reports, and responses to letters of inquiry from the Committee must be filed utilizing this form.

### **§ 220.30 Electronic Filing**

- (a) The Committee has implemented a system for the electronic filing of financial disclosure reports.
- (b) All financial disclosure reports filed pursuant to this chapter and amendments (including amendments filed in response to letters of inquiry) must be submitted electronically through the filing system approved by the Committee and maintained by the AO.
- (c) The Committee does not accept filings by paper, email, or facsimile unless permitted under [§ 220.50](#).

### **§ 220.40 Electronic Signature**

- (a) The Committee requires that the financial disclosure report contain the filer's electronic signature (e.g., "s/name") as inserted by the electronic software.
- (b) Other types of signatures (e.g., digital signatures, scanned signatures, signature graphics, PDF typed signatures) should not be included.

### **§ 220.50 Use of Alternative Formats**

- (a) In exceptional circumstances, it is permissible to provide the required information in any part of the financial disclosure report in an alternative format, but only upon a specific written determination by the Committee that such alternative reporting is acceptable.

- (b) Requests to use an alternative format must be submitted to the Committee through the electronic system stating in detail the format sought to be used, why the request is being made, and whether it is for the current report only or for future reports as well.
- (c) Absent permission to use an alternative format, no extrinsic reports or documents (such as a brokerage report) may be used or attached as a substitute for disclosure.

## § 230 Reimbursement of Professional Fees

- (a) Filers who incur professional fees rendered by an accountant, a stock broker, an attorney, or similar professional in the preparation of financial disclosure reports filed under the Act may request reimbursement of the amount of those fees up to a maximum of \$1,000 for all work performed through the closure of a report required by the Act (i.e., nominee, new entrant, annual, and final report).

**Example 1:** Filer incurs \$2,000 in professional fees rendered by an accountant who assists filer in preparing his or her annual report. Subsequently, filer receives a letter of inquiry (LOI) from the Committee requiring filer to provide additional information and re-file an amended annual report. Filer's accountant helps prepare the response to the LOI in the form of an amended annual report, charging filer an additional \$1,000. Filer is only entitled to seek reimbursement for up to \$1,000 for all the work performed by the accountant through the closure of the annual report, which includes the preparation of the original annual report, the response to the LOI, and the preparation and filing of the amended annual report. Filer is NOT entitled to seek reimbursement of \$1,000 per activity the accountant performs.

**Example 2:** In May 2017, a filer incurs \$2,500 in professional fees rendered by an accountant who assists the filer to prepare and file an annual report. In September 2017, the filer retires from the judiciary and incurs \$1,500 in professional fees rendered by an accountant who assists the filer to prepare and file a final report. As these are separate reports required by the Act, the filer may seek up to \$1,000 reimbursement for each report (i.e., \$1,000 for the annual report and \$1,000 for the final report).

- (b) A filer must submit a written reimbursement request to:
  - (1) the clerk of the court in which the filer serves, or
  - (2) an appropriate official if the filer is not located in a court.

- (c) The request must include a receipt showing the filer's payment for professional services.
- (d) For more detailed information on the reimbursement process, **see:** JNet's Financial Disclosure Guidance page.

## § 310 Reporting Thresholds for Assets

- (a) As a general rule, when reporting assets, a filer must list each asset that:
  - (1) exceeds \$1,000 in value (**see:** [§ 315](#)), or
  - (2) generated more than \$200 in income during the reporting period (**see:** [§ 320](#)).
- (b) The income and value of each asset held in brokerage or managed accounts **must be reported individually** (**see:** [§ 315.30](#)).

## § 312 Types of Reportable Property

Subject to the exceptions in [§ 315.20](#), examples of the types of property required to be reported include, but are not limited to:

- (a) real estate;
- (b) beneficial real estate interests (e.g., royalty and mineral rights);
- (c) stocks (including stock options), bonds, securities, and futures contracts;
- (d) livestock owned for commercial purposes;
- (e) commercial crops, either standing or held in storage;
- (f) antiques or art held for resale or investment;

- (g) beneficial interests in trusts and estates (but not contingent interests);
- (h) cash and cash-equivalent accounts in banks or other financial institutions;
- (i) pensions, retirement accounts, and annuities (assets must be listed individually), except as provided in [§ 315.20\(c\)](#);
- (j) mutual funds;
- (k) 529 college education funds;
- (l) accounts or other funds receivable; and
- (m) capital accounts or other asset ownership in a business or partnership, as well as the business or partnership itself.

## § 315 Interests in Property

- (a) Each financial disclosure report filed must include the identity and a brief description of any interest in property having a fair market value in excess of \$1,000:
  - (1) held by the filer during the reporting period in a trade or business; or
  - (2) for investment or the production of income.
- (b) The report must designate the category of value of the property in accordance with [§ 315.50](#).
  - (1) Each item of property must be disclosed separately.
  - (2) The underlying asset(s) of each of the following items must be **separately** disclosed (**see:** [§ 315.30](#)), unless the entity qualifies for special treatment under [§ 365](#):
    - (A) individual retirement accounts (IRAs),
    - (B) brokerage accounts,
    - (C) managed accounts,
    - (D) trusts,
    - (E) pension funds,
    - (F) 401(k) and 403(b) retirement accounts,

- (G) 529 college education funds, and
- (H) other entities with portfolio holdings.

### **§ 315.10 Economic Entities (Businesses and Partnerships)**

For property held in a trade, business, partnership, or other business enterprise (e.g., an LLC or sole proprietorship), the filer must list the name and ownership interest in the trade or business, and provide a description of the nature of the trade or business. The source, type, and the actual amount or value of gross income from such a partnership or business must be reported under [§ 320.10](#) and [§ 320.20\(b\)](#).

(a) **Active Assets**

Assets actively used in the operation of a trade or business are active assets, which do not need to be individually listed.

(b) **Passive Assets**

Assets that are passively held in the trade or business and are not related to the nature of the trade or business are passive assets. A filer must list each individual passive asset that is:

- (1) valued at more than \$1,000, or
- (2) earning more than \$200 in income.

(c) **Examples:**

- (1) Before coming to the judiciary, the filer was a partner in a firm. The filer is not required to list the active assets used in the operation of the law firm, such as furniture, computers, and supplies. However, if the law firm held property for an investment purpose that was not used in the operation of the law firm's day-to-day business, such passive assets would need to be individually listed if they held a value of more than \$1,000 or earned more than \$200 in income, such as a mutual fund held by the firm or an investment in a painting or land.
- (2) Filer's spouse holds an interest in a family farm. The filer is not required to list the active assets used in the operation of the farm, such as equipment and livestock. Like the example above, however, if the farm invests money in stocks, mutual funds, or any other form of investment that is not used in the day-to-day operation of the farm, such passive assets would need to be individually listed if they held a value of more than \$1,000, or earned more than \$200 in income.

## § 315.20 Exceptions

The following property interests are exempt from the reporting requirements described above in § 315 and § 315.10:

- (a) personal cash-equivalent accounts (defined as any checking, savings, money market account, and certificate of deposit in a bank, savings and loan association, credit union, or similar financial institution) in a single financial institution aggregating \$5,000 or less in that institution, and earning less than \$200 in income;
- (b) a personal residence of the filer or his or her spouse (as defined in Guide, Vol. 2D, § 170); and
- (c) financial interests in any retirement system of the United States (e.g., Thrift Savings Plan, Social Security).

## § 315.30 Identification of Assets

- (a) Each asset required to be reported must be individually listed and identified with sufficient detail so the reader can readily identify the asset type and/or asset nature.

### Examples:

- (1) For stocks, bonds, and other securities, indicate the type of the holding and its name (e.g., “common” or “preferred”). Commonly used market abbreviations and tickers are permitted (e.g., “GE Common Stock” for “General Electric” or “GM Preferred Stock” for “General Motors”).
- (2) For a cash-equivalent account (savings, checking, money market, CDs) within a bank, credit union, savings and loan, or similar financial institution, valued at or aggregating more than \$5,000 or producing aggregate annual income over \$200, list the name of the institution followed by “cash-equivalent account(s)” (e.g., Bank of America cash-equivalent accounts). Information for all cash-equivalent accounts held at each named institution may be aggregated. There is no need to indicate the precise type of account (e.g., savings or checking). Do not list account numbers or addresses for a financial institution or its branches.
- (3) For mutual funds, when not listing the ticker symbol, filers must identify both the fund family and the name of the fund (e.g., “Vanguard S&P Index 500 Fund”).

- (4) For each real estate interest, indicate the city or county, and state. If more than one parcel of real estate is owned in the same geographic area, identify each parcel by number (e.g., Parcel 1, 2, 3). Do not identify real estate by street address, lot, or block number.
- (5) For an interest in a trust, indicate the nature of the interest (e.g., "income beneficiary") and the trust's name (e.g., "family trust #1").

(b) Non-Widely-Held Investments

If the filer owns or has the ability to select individual stocks, bonds, or other assets within an account or plan, even if the filer defers to the decisions of an investment manager, it is not a widely-held investment fund. The filer is therefore required to disclose the individual assets that are part of the plan.

**Examples:**

- (1) For a brokerage account or stock management account with a financial management company, bank, or similar financial institution, list the individual stocks, mutual funds or money market funds (including the fund family and the name of each fund), bonds, cash-equivalent accounts (including the name of the financial institution where the account is held), and other assets therein.
- (2) For variable life insurance or annuity assets, filers are required to disclose the individual funds, stocks, bonds, and other assets that have been selected from the investment options provided by the company.
- (3) For educational savings plans where the filer must select assets, as opposed to investment strategies, the individual assets within these plans must be listed.

(c) Widely-Held Investment Funds

- (1) A filer is not required to list the individual holdings of a widely-held investment fund, which is defined as a money market fund, mutual fund, or other such portfolio:
  - (A) that is publicly traded or whose assets are widely diversified, and
  - (B) over whose financial interests the filer neither can nor does exercise control (i.e., the filer is unable to select the specific stocks, bonds, or other assets).

- (2) The filer must provide:
- (A) the specific name of the plan (including the fund family and the name of the fund) and include words in the plan's description to delineate it as a general investment strategy rather than a self-directed plan (e.g., "Bright Star 529 Plan, Age-Based Investment");
  - (B) income from the fund;
  - (C) the fund's value at the end of the reporting period; and
  - (D) fund transactions exceeding \$1,000 in value (e.g., increasing or decreasing one's interest in the fund).

**Note:** This does not refer to individual transactions made by the managers of the widely-held investment fund.

- (3) **Example:** A filer invests \$100 a month into a dependent child's 529, which is an age-based publicly traded education plan. At the beginning of the filing period, the fund has a value of \$1,000. At the end of the filing period, it has a value of \$2,500—an increase of \$1,500:

- \$1,200 from deposits made by the filer;
- a \$150 increase in value attributable to market fluctuation; and
- a \$150 increase in value attributable to capital gains and dividends reinvested.

Since this is a widely-held investment fund, the filer must report:

- (A) the name and description of the plan (e.g., "Unique College Investing Plan 529, Age-Based Portfolio 2016");
- (B) any income generated by or attributable to the plan during the reporting period (i.e., \$150);
- (C) the value of the plan at the end of the reporting period (i.e., \$2,500); and
- (D) any reportable transactions with regard to the fund (in this example, no reporting requirement is necessary as none of the monthly purchases meet the reporting requirement threshold of \$1,000).

**Note:** The filer does not have to report individual stock or mutual fund purchases made by the plan.

## § 315.40 Transactions

- (a) Transactions during the reporting period that involve any purchase, sale, or exchange of any property or asset (**see:** Guide, Vol. 2D, § 170) exceeding \$1,000 must be reported.
- (b) A filer must report the:
  - (1) type of transaction (e.g., buy, sell, redeem, etc.);
  - (2) date of the transaction;
  - (3) value of the consideration paid or received;
  - (4) opening of a bank account and closing of a bank account that has been reported on a prior report, and
  - (5) mandatory distributions from retirement accounts;
- (c) If a reportable asset has been bought and sold during the same reporting period, you must provide the required information about both transactions.

### § 315.40.10 Exceptions

A filer is not required to report the following transactions:

- (a) transactions solely between filer, filer's spouse, and filer's dependent children;
- (b) transactions in which the then-fair market value paid or received did not exceed \$1,000;
- (c) transactions involving property used solely as the personal residence of the filer and the filer's spouse;
- (d) transactions involving a mere change in the form of the asset (e.g., a stock split);
- (e) transactions involving deposits or withdrawals from bank accounts, money market accounts, and certificates of deposit within any given financial institution, other than the opening or closing of all accounts at such institution;
- (f) transactions involving the reinvestment of dividends, interest, and capital gain distributions (**see:** [§ 320.20.10](#));

- (g) cash inheritances or inherited property not held for the production of income that was received by the filer or the filer's spouse or dependent children; or
- (h) donations made to a charity or to a non-dependent relative by the filer or the filer's spouse or dependent children.

### **§ 315.50 Value Categories**

- (a) The value categories specified for property items are as follows:
  - (1) \$0 – \$15,000;
  - (2) \$15,001 – \$50,000;
  - (3) \$50,001 – \$100,000;
  - (4) \$100,001 – \$250,000;
  - (5) \$250,001 – \$500,000;
  - (6) \$500,001 – \$1,000,000; and
  - (7) greater than \$1,000,000.
- (b) With respect to items held by the filer alone or held jointly by the filer with the filer's spouse and/or dependent children, the following additional categories over \$1,000,000 apply:
  - (1) \$1,000,001 – \$5,000,000;
  - (2) \$5,000,001 – \$25,000,000;
  - (3) \$25,000,001 – \$50,000,000; and
  - (4) greater than \$50,000,000.

### **§ 315.60 Valuation of Interests in Property**

- (a) A good faith estimate of the fair market value of interests in property and assets may be made in any case in which the exact value cannot be obtained without undue hardship or expense to the filer.
- (b) Fair market value may also be determined by:
  - (1) the purchase price (in which case, the filer should indicate date of purchase);

- (2) recent appraisal;
- (3) the assessed value for tax purposes (adjusted to reflect the market value of the property used for the assessment if the assessed value is computed at less than 100 percent of that market value);
- (4) the year-end book value of nonpublic traded stock, the year-end exchange value of corporate stock, or the face value of corporate bonds or comparable securities;
- (5) the net worth of a business partnership;
- (6) the equity value of an individually owned business; or
- (7) any other recognized indication of value (such as the last sale on a stock exchange).

(c) **Examples:**

- (1) A filer has a \$4,000 savings account in Bank A. The filer's spouse has a \$2,500 certificate of deposit issued by Bank B and the filer's dependent daughter has a \$200 savings account in Bank C. The filer does not have to disclose the accounts, as the total value of the accounts in any one bank does not exceed \$5,000. Note, however, that the source and the amount of interest income from any bank is required to be reported under [§ 320](#) if it exceeds the \$200 reporting threshold for income.
- (2) A filer has a collection of Post-Impressionist paintings that have been carefully selected over the years. From time to time, as new paintings have been acquired, the filer has made sales of both less desirable works from the collection and of paintings that the filer acquired through inheritance. Under these circumstances, the filer must report the value of all the paintings that he or she retains as interests in property as well as income from the sales of paintings under [§ 320.20](#). Recurrent sales from a collection indicate that the collection is being held for investment or the production of income.
- (3) A filer has investments that his or her broker holds in an IRA, invested in stocks, bonds, and mutual funds. Each such asset having a fair market value in excess of \$1,000 or earns income in excess of \$200 at the close of the reporting period must be separately listed, and the value and income must be shown.

## § 320 Income

### § 320.10 Non-Investment Income

- (a) Each financial disclosure report filed must disclose the source, type, and the actual amount or value of earned or other non-investment income in excess of \$200 from any one source that is received by the filer or has accrued to the filer's benefit during the reporting period, including the following:
- (1) Salaries, fees, commissions, wages, and any other compensation for personal services (other than from United States government employment).
  - (2) Retirement benefits other than from United States government employment (e.g., Thrift Savings Plan, Social Security).
  - (3) Any honoraria (the source, date, and amount of payments), including payments made or to be made to charitable organizations on behalf of the filer in lieu of honoraria.

**Note:** Filers should not list the name of the recipient of an honoraria made on behalf of the filer on the financial disclosure report. Rather, the filer must simultaneously file with the Judicial Conference's Committee on Financial Disclosure (Committee), on a confidential basis, a corresponding list of all recipients of such payments, together with the dates and amounts.

- (4) Any other non-investment income, such as:
    - earnings from teaching,
    - prizes,
    - awards,
    - discharge of indebtedness, and
    - fees earned as trustee of a family trust or executor of a family estate.
- (b) The following do not have to be reported as non-investment income:
- (1) death benefits under insurance policies;
  - (2) inheritances;
  - (3) tort recoveries and other compensation for injuries and sickness;
  - (4) disability compensation;

- (5) income tax refunds; and
  - (6) veteran's benefits.
- (c) **Examples:**
- (1) A filer serves on the board of directors at a bank, for which he or she receives a \$500 fee each calendar quarter. The filer also receives an annual fee of \$1,500 for service as trustee of a private trust. In both instances, such fees received or earned during the reporting period must be disclosed, and the actual amount must be shown.
  - (2) A filer is a participant in a retirement plan of Coastal Airlines. Pursuant to such plan, the filer and the filer's spouse receive passage on some Coastal flights without charge, and they receive passage on other flights at a discounted fare. The difference between what Coastal charges members of the public generally and what the filer and the filer's spouse are charged for a particular flight is deemed income in-kind and must be disclosed by this reporting individual if it exceeds the \$200 threshold.

### § 320.20 Investment income

Each financial disclosure report filed pursuant to this subpart must disclose the following:

- (a) The source and type of investment income, including dividends, rents, interest, capital gains, or income from qualified or excepted trusts (**see: [§ 365](#)**), that is received by the filer or accrued to the filer's benefit during the reporting period, and that exceeds \$200 in amount or value from any one source.
  - (1) Examples include, but are not limited to:
    - income derived from real estate,
    - collectible items,
    - stocks,
    - bonds,
    - notes,
    - copyrights,
    - pensions,
    - mutual funds,
    - 401(k) and 403(b) retirement accounts,
    - 529 college education funds,
    - the investment portion of life insurance contracts,

- loans,
  - mineral rights and royalties, and
  - personal cash or cash equivalent accounts (as defined in [§ 315.20\(b\)](#)).
- (2) For entities with portfolio holdings, such as individual retirement accounts (IRAs), brokerage accounts, managed asset accounts, and trusts, each underlying source of income must be separately disclosed, unless the entity qualifies for special treatment under [§ 365](#). The amount or value of income from each reported source must be disclosed and categorized in accordance with the following table:
- (A) \$0 – \$1,000;
  - (B) \$1,001 – \$2,500;
  - (C) \$2,501 – \$5,000;
  - (D) \$5,001 – \$15,000;
  - (E) \$15,001 – \$50,000;
  - (F) \$50,001 – \$100,000;
  - (G) \$100,001 – \$1,000,000;
  - (H) greater than \$1,000,000; but with respect to investment income of the filer alone or joint investment income of the filer with the filer’s spouse and/or dependent children, the following additional categories over \$1,000,000 apply:
    - (i) \$1,000,001 – \$5,000,000; and
    - (ii) greater than \$5,000,000.
- (b) The source, type, and the actual amount or value of gross income from a business, distributive share of a partnership, joint business venture income, payments from an estate or an annuity or endowment contract, or any other items of income not otherwise covered by § 320.10 and § 320.20(a) that are received by the filer or accrued to the filer’s benefit during the reporting period and that exceed \$200 from any one source.

**Examples:**

- (1) A filer rents out a portion of his or her residence. The filer receives rental income of \$600 from one individual for four months and \$1,200 from another individual for the remaining eight months of

the year covered by the filer's annual financial disclosure report. The filer must identify the property, specify the type of income (rent), and indicate the category of the total amount of rent received. The filer must also disclose the asset information required by [§ 315](#).

- (2) Filer pays a mortgage of \$2,000 a month on a rental property. Filer receives rental income of \$1,500 a month. Even though the filer does not realize a profit, filer must report the \$1,500 rental income.
- (3) A filer has three savings accounts with Bank A:
  - The first is in the filer's name and earned \$85 in interest during the reporting period.
  - The second is a joint account with the filer's spouse and earned \$120 in interest.
  - The third is in the name of the filer and the filer's dependent daughter and earned \$35 in interest.

Since the aggregate interest income from this bank exceeds \$200, the filer must disclose the name of the bank, the type of income, and the category of the total amount of interest earned from all three accounts. The filer must also disclose the accounts as assets under [§ 315](#) if, in the aggregate, they total more than \$5,000 in that bank.

- (4) A filer has an ownership interest in a fast-food restaurant from which he or she receives \$10,000 in annual income. The filer must specify on his or her financial disclosure report the type of income (e.g., partnership distributive share, gross business income) and indicate the actual amount of such income. Additionally, the filer must describe the business and categorize its asset value, as required under [§ 315](#).

#### **§ 320.20.10 Reportable Income**

- (a) Reportable income can differ from taxable income.
- (b) For purposes of the financial disclosure report, all reportable interest, dividends, and other income generated by or attributable to an asset during the reporting period must be listed, regardless of whether that income is taxable, tax deferred, or tax exempt.
- (c) Income from mutual fund holdings includes short-term and long-term capital gains along with dividends that are reinvested.

#### **Examples:**

- (1) A filer invests in a tax-deferred mutual fund or IRA that generates \$500 “income” that was reinvested within the mutual fund during the reportable year. Though the \$500 may not have to be reported as income on the filer’s tax return, it must be reported as income on the filer’s financial disclosure report.
- (2) A filer has a retirement or pension plan (other than with the United States government) that generates more than \$200 income during the reporting year that is reinvested in the retirement or pension plan. The filer must report that income on the financial disclosure report.
- (3) A filer invests in a 529 college savings plan for a dependent. If the plan is reportable, the filer must report any income generated by the plan on the financial disclosure report, even if it is reinvested in the plan.

### **§ 320.30 Life Insurance Policies**

(a) Term Insurance

A term insurance policy pays a benefit if the insured person dies during the term of the policy, and when the policy expires, no value remains. Since the insured person does not have an ownership interest in the value of the policy, term insurance is not reportable.

(b) Cash Value Insurance

Cash value insurance is part insurance and part investment (e.g., Prudential Whole-Life Insurance Policy). Such policies require premiums during the life of the insured person in exchange for a fixed sum of money to be paid to a beneficiary when the insured person dies. A part of the premium pays for the expense of the insurance portion of the policy, and the remainder goes into a tax-deferred cash reserve that is invested and builds the policy’s cash value. An insured person would have an ownership interest in the investment portion of such a policy that would require reporting.

(c) Variable Policy

Generally, the purchaser of an insurance policy does not select specific investment funds other than a general category of risk (e.g., high, medium, or low-risk). Under a “variable” or “universal variable” policy that allows the insured person to choose specific investments from options offered by the insurer, the filer must report the name of the insurance company and the fund selected (e.g., “Prudential Variable Life: Prudential Money Market

Fund”). If assets were allocated to more than one fund, all funds to which investments were allocated must be reported.

## § 325 Purchases, Sales, and Exchanges

### § 325.10 Generally

Except as indicated in Guide, Vol. 2D, § 210.30, each financial disclosure report filed must include a brief description, the date, and value (using the categories of value in [§ 315.50](#)) of any purchase, sale, or exchange of a reportable asset during the reporting period, in which the transaction amount exceeds \$1,000. **See:** Guide, Vol. 2D, § 170.

### § 325.20 Exceptions

- (a) The following transactions do not need to be reported:
- (1) Any transaction solely by and between the filer, filer’s spouse, and dependent children.
  - (2) Transactions involving government-issued Treasury bills, Treasury notes, and Treasury bonds; and personal cash-equivalent accounts (as defined in [§ 315.20\(b\)](#)) that occur at rates, terms, and conditions available generally to members of the public.  
  
**Note:** Likewise, transactions involving portfolio holdings of qualified and investment trusts and excepted funds described in [§ 365.20](#).
  - (3) Any transaction that occurred at a time when the reporting individual was not a judicial officer or judicial employee.
- (b) **Examples:**
- (1) A filer sells his or her personal residence for \$100,000 and purchases a new personal residence for \$200,000. The filer need not report the first residence’s sale or the second residence’s purchase.
  - (2) A filer sells his or her beach home for \$50,000. Because the filer has rented it out for one month every summer, it does not qualify as a personal residence. He or she must disclose the sale under this section and any capital gain realized on the sale under [§ 320](#).
  - (3) A filer sells a ranch to his or her dependent child. The filer need not report the sale because it is a transaction between the reporting individual and a dependent child. However, any capital gain,

except for that portion attributable to a personal residence, must be reported under [§ 320](#).

- (4) A filer sells an apartment building and realizes a loss of \$100,000. The filer must report the sale of the building under § 325 if the sale price of the property exceeds \$1,000. Since the sale did not result in a capital gain, the filer need not report any income from the sale under [§ 320](#).

## § 330 Gifts and Reimbursements

### § 330.10 Gifts

Except as indicated in Guide, Vol. 2D, § 210.30, each financial disclosure report must contain the identity of the source, a brief description, and the value of all gifts aggregating more than \$390 in value that are received by the filer during the reporting period from any one source. For in-kind travel-related gifts, include travel locations, dates, and nature of expenses provided. (For exclusions, see: [§ 330.30](#).)

### § 330.20 Reimbursements

Except as indicated in Guide, Vol. 2D, § 210.30, each financial disclosure report must contain the identity of the source and a brief description (including travel locations, dates, and nature of expenses provided) of any travel-related reimbursements aggregating more than \$390 in value that are received by the filer from one source during the reporting period.

### § 330.30 Exclusions

- (a) Reports need not contain any information about gifts and reimbursements to which the provisions of this section would otherwise apply that are received from relatives (as defined in Guide, Vol. 2D, § 170) or during a period in which the filer was not a judicial officer or judicial employee.
- (b) Any food, lodging, or entertainment received as “personal hospitality of any individual” (as defined in Guide, Vol. 2D, § 170) need not be reported. Certain exclusions are also specified in the definitions of gift and reimbursement in Guide, Vol. 2D, § 170.

### § 330.40 Aggregation Exception

- (a) Any gift or reimbursement with a fair market value of \$156 or less need not be aggregated for purposes of the reporting rules of this section.
- (b) **Examples:**

- (1) A filer accepts a print, a pen and pencil set, and a letter opener from a community service organization that he or she has worked with solely in his or her private capacity. The filer determines, in accordance with § 330.50, that these gifts are valued as follows:

- Gift 1 (print): \$220
- Gift 2 (pen and pencil set): \$185
- Gift 3 (letter opener): \$20

The filer must disclose gifts 1 and 2, since individually they exceed \$156 in value and together they aggregate more than \$390 in value from the same source. Gift 3 need not be aggregated, because its value does not exceed \$156.

- (2) A filer receives the following gifts from a single source:

- Gift 1 (dinner for two at a local restaurant): \$120
- Gift 2 (round-trip taxi fare to meet at the restaurant): \$25
- Gift 3 (dinner at friend's city residence): value uncertain
- Gift 4 (round-trip airline transportation and hotel accommodations to visit Epcot Center in Florida): \$400
- Gift 5 (weekend at friend's country home, including duck hunting and tennis match): value uncertain.

The filer need only disclose Gift 4. Gift 1 falls within the exclusion in § 170 (Gift) for food and beverages not consumed in connection with a gift of overnight lodging. Gifts 3 and 5 need not be disclosed because they fall within the exception for personal hospitality of an individual. Gift 2 need not be aggregated and reported, because its value does not exceed \$156.

- (3) An outside source provides free tickets for the filer and his or her spouse to attend an awards banquet at a local club. The value of the tickets exceeds the minimum reporting threshold. Even though this is a gift that exceeds the threshold amount for disclosure, the official need not report it, because of the exclusion in the definition of "gift" in § 170 (Gift) for food and beverages not consumed in connection with a gift of overnight lodging.

**Note:** Before accepting this gift of tickets, the individual should consult an ethics official at his or her agency to determine whether standards of conduct rules will permit acceptance, depending on:

- whether or not the donor is a prohibited source,
- the exact nature of the event, and

- whether the tickets were given because of the filer's official position.
- (4) A filer is asked to speak at an out-of-town meeting on a matter that is unrelated to his or her official duties and the judiciary. The round-trip airfare exceeds the minimum reporting threshold. Regardless of whether the filer pays for the ticket and is then reimbursed by the organization to which he or she spoke, or the organization provided the ticket, the filer should disclose the information under [§ 330.20](#).

### § 330.50 Value of Gifts and Reimbursements

- (a) The value to be assigned to a gift or reimbursement is its fair market value.
- (b) For most reimbursements, this will be the amount actually received.
- (c) For gifts, the value should be determined using one of the following means:
- (1) if the gift has been newly purchased or is readily available in the market, the value should be its retail price (the filer need not contact the donor, but may contact a retail establishment selling similar items to determine the present cost in the market); or
  - (2) if the item is not readily available in the market, such as a piece of art, a handmade item, or an antique, the filer may make a good faith estimate of the value of the item.

**Note:** "Readily available in the market" means that an item generally is available for retail purchase in the metropolitan area nearest to the filer's residence or from an internet retailer.

- (d) **Example:** Items such as a pen and pencil set, letter opener, leather case, or engraved pen are generally available in the market and can be determined by contacting stores that sell like items and ascertaining the retail price of each.

**Note:** The market value of a ticket entitling the holder to attend an event that includes food, refreshments, entertainment, or other benefits is the face value of the ticket, which may exceed the actual cost of the food and other benefits. The value of food and beverages (which may be excludable under the definition of "gift" in Guide, Vol. 2D, § 170) may be determined by:

- making a good faith estimate, or

- determining their actual cost from the caterer, restaurant, or similar source.

### § 330.60 Waiver Rule in the Case of Certain Gifts

- (a) In unusual cases, the value of a gift as defined in Guide, Vol. 2D, § 170 need not be aggregated for reporting threshold purposes under this section and, therefore, the gift need not be reported if the Committee receives a written request for and issues a waiver, after determining that:
- (1) both the basis of the relationship between the grantor and the grantee and the motivation behind the gift are personal; and
  - (2) no countervailing public purpose requires public disclosure of the nature, source, and value of the gift.
- (b) Any determination by the Committee that a filer does or does not have to report a gift pursuant to this section is not a determination that the filer may properly accept the gift under the appropriate Code of Conduct for the filer or any other applicable ethics statute or regulation (**see:** Guide, Vol. 2D, § 160).
- (c) **Example:** A filer and his or her spouse receive the following two wedding gifts:
- Gift 1: A crystal decanter valued at \$485 from the filer's former college roommate and lifelong friend, who is a real estate broker.
  - Gift 2: A gift of a print valued at \$550 from a business partner of the spouse, who owns a catering company.

Under these circumstances, the Committee may grant a request for a waiver of the requirement to report each of these gifts.

## § 335 Liabilities

### § 335.10 Generally

- (a) Each financial disclosure report filed must identify and include a brief description of the filer's liabilities over \$10,000 owed to any creditor at any time during the reporting period, and the name of the creditors to whom such liabilities are owed.
- (b) The report also must designate the category of value of the liabilities in accordance with [§ 315.50](#), reporting the amount owed to the creditor at the end of the reporting period.

## § 335.20 Exceptions

- (a) The following are not required to be reported:
- (1) personal liabilities owed to a spouse or to the parent, brother, sister, or child of the filer, spouse, or dependent child;
  - (2) any mortgage secured by a personal residence of the filer or the filer's spouse;
  - (3) any loan secured by a personal motor vehicle, household furniture, or appliances, provided that the loan does not exceed the purchase price of the item that secures it;
  - (4) any revolving charge account with an outstanding liability that does not exceed \$10,000 at the close of the reporting period; and
  - (5) any liability:
    - (A) that is the sole financial liability or responsibility of the spouse or child;
    - (B) that is not in any way, past or present, derived from the assets, income, or activities of the reporting person;
    - (C) from which the reporting person does not derive or expect to derive a benefit; and
    - (D) regarding which the reporting person has no knowledge.

**Note:** Omission of such data indicates a certification of these statutory conditions.

- (b) **Examples:** A filer has the following debts outstanding at the end of the calendar year.
- (1) Mortgage on personal residence of \$80,000: disclosure not required under § 335.20(b) because the mortgage is secured by the personal residence.
  - (2) Mortgage on rental property of \$50,000: disclosure required.
  - (3) Credit card debt of \$1,000: disclosure not required under § 335.20(d) because the debt is considered a revolving charge account with an outstanding liability that does not exceed \$10,000 at the end of the reporting period.

- (4) Credit card debt of \$11,000: disclosure required because this revolving charge account exceeds \$10,000 at the end of the reporting period.
- (5) Loan balance of \$15,000, secured by family automobile purchased for \$16,200: disclosure not required under § 335.20(c) because it is secured by a personal motor vehicle that was purchased for more than the value of the loan.
- (6) Loan balance of \$10,500, secured by antique furniture purchased for \$8,000: disclosure required because the loan is secured by household furniture that was purchased for less than the value of the loan.
- (7) Loan from parents of \$20,000: disclosure not required because the creditors are persons specified in § 335.20(a).

## § 340 Agreements and Arrangements

- (a) Each financial disclosure report filed pursuant to this section must identify the parties to, the date of, and a brief description of the terms of, any agreement or arrangement of the filer in existence at any time during the reporting period with respect to:
  - (1) future employment;
  - (2) a leave of absence from employment during the period of the reporting individual's government service;
  - (3) continuation of payments by a former employer other than the United States government; and
  - (4) continuing participation in an employee welfare or benefit plan maintained by a former employer.
- (b) **Example:** Prior to coming to the judiciary, the filer worked for a law firm that maintained a defined benefit retirement plan for the filer. If the filer maintains his or her interest in the plan, he or she must disclose the terms of the agreement or arrangement with the law firm.

## § 345 Trustees, Executors, Administrators, and Custodians

- (a) If the filer is a trustee, executor, administrator, custodian, or in any other similar position, the filer has the legal authority and responsibility to exercise control over and manage the assets in a trust or estate.

- (b) The reporting of a position as trustee, executor, administrator, custodian, or any similar position requires a listing of the assets involved if the filer, filer's spouse, or any dependent child receives income from, or has a beneficial interest in, the estate or fund with which filer is associated.

## § 350 Power of Attorney

A filer is not required to list the assets (**see:** [§ 312](#), [§ 315](#), and [§ 320](#)); purchases, sales, and exchanges of assets (**see:** [§ 325](#)); and liabilities (**see:** [§ 335](#)) subject to a power of attorney, whether or not the power has been exercised. However, the power of attorney position must be reported under § 355.

## § 355 Outside Positions

### § 355.10 Generally

- (a) Each financial disclosure report filed must identify all positions held by the filer at any time during the reporting period and any time up to the date of the filing of the report, as an officer, director, trustee, general partner, proprietor, representative, executor, employee, or consultant of any corporation, company, firm, partnership, trust, or other business enterprise, any nonprofit organization, any labor organization, or any educational or other institution other than the United States.
- (b) When a filer lists trustee, executor, or a similar position, the filer must also list the assets in the trust or estate for which the position is held if the filer, the filer's spouse, or any dependent child receives income from, or has a beneficial interest in, the estate or fund with which the filer is associated.  
**See:** [§ 365](#).

#### § 355.10.10 Compensation and Financial Interest

Outside positions must be disclosed even if the filer is not compensated and even if neither the filer nor the filer's family has any financial interest in the entities listed.

### § 355.20 Exceptions

The following need not be reported:

- (a) positions held in any religious, social, fraternal, or political entity; and
- (b) positions solely of an honorary nature, such as those with an emeritus designation.

## § 360 Spouses and Dependent Children

### § 360.10 Special Disclosure Rules

Each report required under Guide, Vol. 2D, Ch. 2 must also include the following information with respect to the spouse or dependent children of the reporting individual:

(a) Income

For purposes of [§ 320](#), the filer must report the following income:

(1) Spouse Non-investment Income

- (A) Non-investment income includes such items as salary, royalties, and lottery winnings.
- (B) The filer must report the source but not the amount of the spouse's non-investment income (other than honoraria and investment income) exceeding \$1,000 from any one source (other than from the spouse's current employment by the United States government).
- (C) If items of earned income are derived from a spouse's self-employment in a business or profession, the filer must report the nature of the business or profession but not the amount of the earned income.

(2) Spouse Honoraria

The source and actual amount or value of any honoraria received by or accrued to the spouse (or payments made or to be made to charity on the spouse's behalf in lieu of honoraria), and the date on which the services were provided must be reported.

(3) Spouse and Dependent Child Investment Income

With respect to a spouse or dependent child, the type and source, and the amount or value (category or actual amount, in accordance with [§ 320](#)) of all other income exceeding \$200 from any one source, such as investment income from interests in property (if the property itself is reportable under [§ 315](#)).

**Examples:**

- (A) The spouse of a filer is employed as a teller at Bank X and earns \$23,000 per year. The report must disclose that the

spouse is employed by Bank X. The amount of the spouse's earnings need not be disclosed.

- (B) The spouse of a reporting individual is self-employed as a pediatrician. The report must disclose that he or she is self-employed as a physician but need not disclose the amount of income.
- (C) The spouse of a filer has a Roth IRA with his or her employer, with a total of \$85,000 in it. The report must disclose the underlying assets of that retirement account, as well as any income generated by them, even if that income is tax-deferred or re-invested.

(b) Gifts and Reimbursements

For purposes of [§ 330](#), the filer must report the identity and a brief description of reportable gifts, and the identity of the source and a brief description of reportable reimbursements received by a spouse or dependent child. Gifts and reimbursements that are received from a relative or totally independent of their relationship to the filer do not have to be reported.

**Examples:**

- (1) After the filer participates in a symposium at the law school, the dean gives the filer and the filer's spouse each a gift. If the value of either gift exceeds the reporting threshold, the filer must report it, including the spouse's gift, because it was received through the filer's relationship with the law school.
- (2) If a coworker gives the filer's spouse a gift in appreciation for his or her assistance on a project, the filer is not required to report the gift because the spouse's relationship with the coworker is totally independent of the filer.

(c) Interests in Property, Transactions, and Liabilities

For purposes of § 315, § 325, and § 335, the filer must report all information concerning property interests, transactions, or liabilities referred to by those sections of a spouse or dependent child, unless the following three conditions are satisfied:

- (1) the filer certifies that the item represents the spouse's or dependent child's sole financial interest or responsibility, and that the filer has no specific knowledge regarding that property;

- (2) the item is not in any way, past or present, derived from the income, assets or activities of the filer; and
- (3) the filer neither derives, nor expects to derive, any financial or economic benefit from the item.

**Note:** One who prepares a joint tax return with his or her spouse will normally derive a financial or economic benefit from assets held by the spouse, and will also be charged with knowledge of such items. Consequently, the filer could not invoke this exception.

### **§ 360.20 Exception (New Entrant and Nominee)**

For a report filed by a new entrant or nominee under Guide, Vol. 2D, § 210.10 or § 210.20, no information regarding gifts and reimbursements or transactions is required for a spouse or dependent child.

### **§ 360.30 Divorce and Separation**

A reporting individual need not report any information about:

- (a) a spouse living separate and apart from the reporting individual with the intention of terminating the marriage or providing for permanent separation;
- (b) a former spouse or a spouse from whom the reporting individual is permanently separated; or
- (c) any income or obligations of the reporting individual arising from dissolution of the reporting individual's marriage or permanent separation from a spouse.

## **§ 365 Trusts, Estates, and Investment Funds**

### **§ 365.10 Generally**

- (a) Except as otherwise provided, each financial disclosure report must include the information required by this part of Volume 2 about the holdings — and income from the holdings — of any trust, estate, investment fund, or other financial arrangement from which income is received, or with respect to which a beneficial interest (as defined in Guide, Vol. 2D, § 170) in principal or income is held by the filer or the filer's spouse or dependent child.

(b) Revocable and Irrevocable Trusts

- (1) A revocable trust is a trust in which provisions can be altered or canceled dependent on the grantor. During the life of the trust, income earned is distributed to the grantor, and only after death does asset ownership transfer to beneficiaries.
- (2) An irrevocable trust cannot be modified or terminated without the permission of the beneficiary. Once the grantor has transferred assets into the trust, all ownership of the assets and trust are held by the beneficiary.

No information is required about a beneficial interest in the principal or income of a revocable estate or trust. It is not the uncertainty of the time of future enjoyment, but the uncertainty of the right of enjoyment (title and alienation), that differentiates a “revocable” and “non-revocable” trust.

(c) Revocable Living Trust

Nothing in this section requires the reporting of the holdings or income of a revocable inter vivos trust (also known as a “living trust”) with respect to which the filer, the filer’s spouse, or dependent child has only a remainder interest, vested or no, provided that the grantor of the trust is neither the filer, the filer’s spouse, nor the filer’s dependent child.

Furthermore, nothing in this section requires the reporting of the holdings or income of a revocable inter vivos trust from which the filer, the filer’s spouse, or dependent child receives any discretionary distribution, provided that the grantor of the trust is neither the filer, nor the filer’s spouse, nor the filer’s dependent child.

(d) Trust Income Exclusion

Filers are not required to report the source of income from any trust:

- (1) that was not created directly by the filer, the filer’s spouse, or any dependent child; and
- (2) the holdings or sources of income of which the filer, the filer’s spouse, and any dependent child have no knowledge.

(e) Life Insurance Policies Within Trusts

A trust whose sole asset is a term life insurance policy need not be listed, as term insurance is not regarded as an investment asset.

## § 365.20 Qualified Trusts and Excepted Trusts

The Code of Conduct for United States Judges (**see:** Guide, Vol. 2A, Ch. 2, Canon 3C(2)) precludes judges, their spouses, and dependent children from owning a blind trust. Other judiciary filers may own beneficial interests in a qualified blind trust with the approval of the Committee. For those filers:

- (a) Qualified Trust Reporting Exceptions
  - (1) A filer should not report information about the holdings or income from holdings of any qualified blind trust or any qualified diversified trust.
  - (2) For a qualified blind trust, a financial disclosure report must disclose the category of the aggregate amount of the trust's income attributable to the beneficial interest of the filer, the filer's spouse, or dependent child in the trust.
  - (3) For a qualified diversified trust, a financial disclosure report must disclose the category of the aggregate amount of income with respect to such a trust that is actually received by the filer, the filer's spouse, or dependent child, or applied for the benefit of any of them.
- (b) In the case of an excepted trust, a filer should indicate the general nature of its holdings, to the extent known, but will not otherwise need to report information about the trust's holdings or income from holdings.
  - (1) The category of the aggregate amount of income from an excepted trust that is received by or accrued to the benefit of the filer, the filer's spouse, or dependent child must be reported on financial disclosure reports.
  - (2) For purposes of this part, the term "excepted trust" means a trust:
    - (A) that was not created directly by the filer, spouse, or dependent child; and
    - (B) the holdings or sources of income of which the filer, spouse, or dependent child have no specific knowledge through a report, disclosure, or constructive receipt, whether intended or inadvertent.

## § 370 Security Issues

The Act makes financial disclosure reports available to the public. Revealing certain identifying information can pose a security risk to the filer or the filer's family. Reporting of the following information is not required, and the Committee recommends that it not be included in financial disclosure reports.

(a) Real Estate

(1) Home Address

Filers should not disclose their home address for any purpose connected with the report. Filers should use their chambers or office address.

(2) Rental Properties

Filers only need to provide the city (or county) and state in which the property is located. Do not use street addresses, lot numbers, or survey descriptions.

(b) Unnecessary Financial Detail

(1) Account Numbers

Filers should not include any bank or brokerage account numbers.

(2) Social Security Number

Filers should not include nor use the social security number for themselves, their spouse, nor their dependent children.

(3) Bank Details

Filers only need to provide the name of a bank, not its address or the branch frequented. Bank account numbers should never be included in a report.

(c) Names of Relatives

Filers should not identify relatives by name nor designation (e.g., "daughter," "brother," or "mother-in-law"). Trusts or estates should be identified by number (e.g., "Trust #1" or "Estate #2").

(d) Financial Documents

Filers should not attach financial documents, brokerage statements, tax returns, deeds, or trust agreements to their report.

**§ 375 No Incorporation by Reference**

Each financial disclosure report submitted by a filer must be complete in itself. No information may be adopted or incorporated by reference to prior financial disclosure reports or financial documents, statements, or reports.

- (d) Except as indicated in [§ 420.30](#), all reports should be reviewed within 60 days after the date of filing.
- (e) Final certification under [§ 420.20](#) may, of necessity, occur later, where additional information is being sought, or remedial action is being taken.

## § 420 Responsibilities of Reviewing Officials

### § 420.10 Initial Review

The reviewing official must examine the report to determine, to his or her satisfaction that:

- (a) each required item is completed; and
- (b) no interest or position disclosed on the form violates or appears to violate:
  - (1) the Act, as amended, and the implementing regulations; and
  - (2) items specifically set out in the filer's certification stated at the filer's signature block of the report, including:
    - outside employment,
    - honoraria, or
    - gifts.

### **§ 420.20 Signature by Reviewing Official**

- (a) If the reviewing official determines that the report meets the requirements of [§ 420.10](#), he or she must certify it by signature and date.
- (b) The reviewing official need not audit the report to ascertain whether the disclosures are correct.
- (c) Disclosures should be presumed correct unless:
  - (1) there is a patent omission or ambiguity, or
  - (2) the office has independent knowledge of matters outside the report.
- (d) A report signed by a reviewing official certifies that:
  - (1) the judiciary has reviewed the report;
  - (2) the reviewing official has concluded that each required item has been sufficiently reported; and
  - (3) on the basis of information in the report, the filer is in compliance with applicable laws and regulations noted in [§ 420.10\(b\)](#).

### **§ 420.30 Requests for Additional Information**

- (a) If the reviewing official believes that additional information is required, he or she will request that it be submitted by a specified date.
- (b) If the additional information needed is required to be in the filer's report, the filer must submit an amended report with the additional information specified by the reviewing official.

- (c) If the reviewing official concludes, based on the information in the report and any additional information submitted, that the report fulfills the requirements of [§ 420.10](#), he or she must sign and date the report.

#### **§ 420.40 Compliance with Applicable Laws and Regulations**

- (a) If the reviewing official concludes that report information may reveal a violation of the laws and regulations specified in [§ 420.10](#), the official will:
  - (1) notify the filer of that conclusion;
  - (2) afford the filer a reasonable opportunity to respond; and
  - (3) determine, after considering any response, whether or not the filer has complied with applicable laws and regulations specified in [§ 420.10\(b\)](#).
- (b) If the reviewing official concludes that the report fulfills the requirements, he or she will sign and date the report.
- (c) If the reviewing official determines that the report does **not** fulfill the requirements, he or she will:
  - (1) notify the filer of the conclusion;
  - (2) afford the filer an opportunity for personal consultation if practicable;
  - (3) determine what action should be taken to bring the report into compliance with [§ 420.10](#); and
  - (4) notify the filer in writing of the action that is needed, and the date by which such action should be taken.

#### **§ 420.50 Administrative Closure**

- (a) In extraordinary circumstances, the Committee on Financial Disclosure's Subcommittee on Compliance may administratively close a financial disclosure report that:
  - (1) otherwise does not meet the requirements set forth in Guide, Vol. 2D, Ch. 2 and Ch. 3, and
  - (2) cannot be certified by a reviewing official as required under § 420.
- (b) Factors that the Subcommittee will consider when determining whether to administratively close a report include:

- (1) the absence of evidence indicating that the filer is knowingly and willfully failing to act;
  - (2) in the case of a non-responsive filer, the number of, type of, and time period over which efforts were made to contact the filer, and the unsuccessful results;
  - (3) in the case of a filer incapable of filing or responding to a letter of inquiry because of sickness, infirmity, or other such reason, a sufficient indication of the filer's incapacity and the likelihood of its continuation (e.g., a letter from a doctor, family member, representative, or chief judge who is aware of or knowledgeable about the situation); and
  - (4) in the case of a filer who is no longer in a governmental decision-making position, the absence of any likelihood that official actions would be compromised by a conflict of interest.
- (c) Administrative closures will not be used in situations where a filer does not want to report required information.
- (d) A report that is administratively closed will be neither certified nor signed by a reviewing official.

### **§ 430 Expedited Procedure for Presidential Appointees Subject to Senate Confirmation**

The following procedures apply in cases of a report filed by an individual described in Guide, Vol. 2D, § 210.20 who is nominated by the President for appointment to a position that requires the advice and consent of the Senate.

- (a) The Executive Office of the President will furnish the applicable financial disclosure report form to the nominee. The completed report will be forwarded to the Judicial Conference's Committee on Financial Disclosure.
- (b) The Committee will complete an accelerated review of the report, in accordance with the standards and procedures in [§ 420](#).
- (c) If the Committee is satisfied that the report meets the requirements of the Act and its implementing regulations, the reviewing official will sign and date the report form, and then either return the report to the nominee, or submit the report to the appropriate Senate committee expressing the opinion whether, based on the report information, the nominee has complied with all applicable conflict laws and regulations.

These regulations apply to the processing of requests for copies of the financial disclosure reports of judicial officers and judicial employees maintained by the Administrative Office of the U.S. Courts (AO).

## § 530 Responsibility

- (a) The Committee on Financial Disclosure:
  - (1) monitors the release of financial disclosure reports to ensure compliance with the statute and the Committee's guidance;

  - (4) provides guidance when questions not covered in these regulations arise.
- (b) The Committee's Subcommittee on Public Access and Security is delegated the authority to act for the Committee where necessary to implement the provisions of these regulations.

## § 540 Requesting a Report ([Form AO 10A](#))

- (a) Requesters must submit a Form AO 10A to the AO's Financial Disclosure Office. The form must:
  - (1) include a list of the filers whose reports are requested,
  - (2) be signed and dated by the requester, and
  - (3) contain the information identified below in § 540(c).
- (b) Each Form AO 10A received that results in the release or viewing of a report will be retained throughout the period that the report is available to the public (**see:** [§ 550.10](#)), except as provided in [§ 540.30\(b\)](#).

- (c) Under [5 U.S.C. app. § 105\(b\)\(2\)](#), all requests to examine, or for a copy of, a financial disclosure report must be submitted in writing to the Committee on Financial Disclosure and contain the following:
  - (1) the requester's name, occupation, and address;
  - (2) the name and address of any other person or organization on whose behalf the inspection or copy is requested; and
  - (3) that the requester is aware of the prohibitions and restrictions with regard to obtaining or viewing the report.

### **§ 540.10 Request to View a Report**

- (a) Financial disclosure reports may be viewed in the AO's Financial Disclosure Office by appointment.
- (b) Appointments must be made at least five working days in advance.
- (c) Staff will provide the requester with an approved copy of the requested report(s) to view.

### **§ 540.20 Cost for Copies of Reports**

- (a) Unless otherwise requested, financial disclosure reports will be provided on an electronic storage device at no charge.
- (b) If a paper copy of a report is requested, the requester will be charged \$0.20 per page to cover reproduction and mailing costs.
- (c) A paper copy of a requested report may be furnished without charge or at a reduced charge if it is determined that waiver or reduction of the fee is in the public interest, particularly the requester's inability to pay the fee.
- (d) Requests for waiver must be presented in writing to the Committee.

### **§ 540.30 Notification of a Request**

- (a) The Financial Disclosure Office will notify the filer when a [Form AO 10A](#) is received requesting the release of a filer's financial disclosure report(s) and will provide each filer with a copy of the requester's Form AO 10A.
- (b) When a request involves a filer who is the subject of an ongoing criminal or ethics investigation by the U.S. Department of Justice, a Judicial Conference committee, or a circuit judicial council, the Committee will not notify a filer of the request and subsequent release of a financial disclosure report where the request's originator affirmatively asks that the

filer not be notified. The Committee staff will coordinate with the Committee Chair on the release of reports related to such investigations.

## **§ 550 Limitations on Release**

### **§ 550.10 Custody of Financial Disclosure Reports**

- (a) Any report filed under Guide, Vol. 2D, Ch. 2 will be retained by the AO for six years after receipt.
- (b) After the six-year period, the report will be destroyed unless needed in an ongoing investigation.
- (c) For individuals who file a report as a nominee under Guide, Vol. 2D, § 210.20 and are not subsequently confirmed by the Senate, such reports will be destroyed one year after the individual is no longer under consideration by the Senate, unless needed in an ongoing investigation.

### **§ 550.20 Incomplete or Improper Request**

Under [5 U.S.C. app. § 105](#), financial disclosure reports will not be released to any individual who fails to properly complete [Form AO 10A](#) or pay assessed costs.

### **§ 550.30 Security**

- (a) Financial Disclosure Committee staff will take reasonable steps to ensure the privacy and security of individuals required to file a financial disclosure report in accordance with the statute and the guidance provided by the Committee.
- (b) The staff will not release or allow the viewing of any report until notice has been given to the filer, except as provided in [§ 540.30](#).
- (c) In accordance with Committee direction, Committee staff will continue to monitor compliance with the Act, while minimizing security risks by removing information that is not required by the Act, including without limitation:
  - (1) spouse's and dependent's names, initials, and designations (e.g., "spouse," "son," "dependent child," "dc");
  - (2) home addresses;
  - (3) social security numbers;
  - (4) financial account and bank account numbers;

- (5) street addresses of rental properties, business properties, and financial institutions (including branch names or location identifiers);
  - (6) ownership codes (e.g., “joint,” “JTWROS,” “UGMA,” “UTMA”); and
  - (7) filer’s signature.
- (d) A report that may be disseminated to the public may be redacted under [5 U.S.C. app. § 105](#) to prevent public disclosure of personal or sensitive information that could directly or indirectly endanger the filer or a filer’s family member by a member of the public hostile to the filer or a filer’s family member. The following procedure will be used to determine whether redaction is appropriate.
- (1) When an annual report is filed, the filer may request redactions believed to be appropriate before release of a report that may be disseminated to the public. Redaction requests may also be made after a filer receives a notification of a request under [§ 540.30](#).
  - (2) Reports that will not be considered as ones that may be disseminated to the public include, but are not limited to:
    - (A) reports released upon request to appropriate committees of the Senate or House of Representatives; and
    - (B) reports released upon request to appropriate executive-branch officials.

**Note:** In the case of (A) and (B), redaction of the filer’s signature under § 550.30(c)(7) may not occur if so indicated by the requester.
  - (3) The filer must state with specificity what material is sought to be redacted. The filer must also state in detail the reasons justifying redaction. These reasons may include, but are not limited to:
    - (A) the purposes and need for an ongoing protective detail provided by the United States Marshals Service;
    - (B) particular threats or inappropriate communications;
    - (C) involvement in a high threat trial or appeal; or
    - (D) certain information on the form that could endanger the filer or a family member directly or indirectly if possessed by a member of the public hostile to the filer or a family member.

- (4) The Committee will determine, in consultation with the U.S. Marshals Service, whether information sought to be redacted could, if disseminated to the public, directly or indirectly endanger the filer or a family member, then grant or deny the request as appropriate.
  - (A) Information that could facilitate the financial harassment of a filer or a family member (e.g., identity theft) may be deemed information that could endanger a filer or a family member.
  - (B) However, no redaction will be granted that eliminates disclosure of the existence, rather than extent, of an interest in an entity that would disqualify the filer from serving as a judge in litigation involving that entity, unless disclosure of that interest would:
    - (i) reveal the location of a residence of the filer or a family member,
    - (ii) reveal the place of employment of the filer or a family member, or
    - (iii) possibly increase an existing danger to a filer or a family member based on circumstances described in § 550.30(d)(3)(A)-(C).
  - (C) The Committee may redact material without a request from a filer if it has received credible evidence that the release of information contained in a financial report could endanger the filer or a family member.
- (e) Information may be redacted from a report in accordance with such finding to the extent necessary to protect the judicial officer or judicial employee who filed the report and their families, and the redactions will be made for as long as the reasons for redacting the report exist.
- (f) The Committee staff will notify a filer when a report is actually released or reviewed and provide the filer with a copy of the redacted report. The staff will maintain a copy of the redacted material for as long as the original report is maintained.
- (g) A request for redaction and its supporting documents, except for copies of the financial disclosure report and any amendments to it, are considered confidential and will only be used to determine whether to grant a request for redaction. Such documents are not considered part of any report available for release under [5 U.S.C. app. § 105\(b\)\(1\)](#).

## § 560 Use of Reports

- (a) Under [5 U.S.C. app. § 105](#), it is unlawful for any person to obtain or use a report for:
  - (1) any unlawful purpose;
  - (2) any commercial purpose other than by news and communications media for dissemination to the general public;
  - (3) determining or establishing the credit rating of any individual; or
  - (4) use directly or indirectly in the solicitation of money for any political, charitable, or other purpose.
- (b) The Attorney General may bring a civil action against any person who obtains or uses a report for any purpose prohibited by this section. The court in which such action is brought may assess against such person a penalty in any amount not to exceed \$10,000. Such remedy may be in addition to any other remedy available under statutory or common law.

## § 570 Reporting Requirements

The Committee on Financial Disclosure will report the following to the appropriate Congressional Committees on an annual basis:

- (a) the total number of reports in which required information is redacted under exercise of the authority delineated in [§ 550.30\(d\)](#);
- (b) the total number of individuals whose reports have been redacted under exercise of the authority in § 550.30(d);
- (c) the types of threats against filers whose reports are redacted, if appropriate;
- (d) the nature or type of information redacted;
- (e) what steps or procedures are in place to ensure that sufficient information is available to litigants to determine whether there is a conflict of interest;
- (f) principles used to guide implementation of redaction authority; and
- (g) any public complaints received relating to redaction.

## § 610 Filing a Late Report

### § 610.10 Late Filing Fee

- (a) Under [5 U.S.C. app. § 104\(d\)](#), any individual required to file a financial disclosure report must transmit a \$200 late filing fee payable to the United States Treasury if such report is filed more than 30 days after the later of:
- (1) the date such report must be filed under Guide, Vol. 2D, Ch. 2; or
  - (2) the last day of any filing extension period granted under Guide, Vol. 2D, § 210.80.

**Note:** If the 30th day from the last day of the filing extension falls on a weekend or holiday, such report must be filed by the next day that is not a weekend or holiday.

(b) **Examples:**

- (1) For an annual report due on May 15, 2016, the filer seeks and receives approval for a 60-day extension, making the report due by Thursday, July 14, 2016. Ordinarily, if the report is not received by the Financial Disclosure Office by Saturday, August 13, 2016, the filer would be assessed a \$200 late filing fee. Since August 13, 2016 is a Saturday, the late fee would be assessed if the report is not received by Monday, August 15, 2016.

- (2) For an annual report due on May 15, 2014, filer seeks and receives approval for a 30-day extension, making the report due by Saturday, June 14, 2014. Because June 14 is a Saturday, the report would be due on Monday, June 16, 2014. The 30-day period prior to assessing the late fee is calculated from the due date whether or not that day is a weekend or holiday. In this case, it would be calculated from Saturday, June 14, 2014, and the late fee would be imposed if the report is not filed by Monday, July 14, 2014.
- (c) The date of filing for purposes of determining whether a public financial disclosure report is filed more than 30 days late will be the date of receipt by the Administrative Office of the U.S. Courts (AO).
- (d) The 30-day period prior to imposing a late filing fee is adequate allowance for administrative delays in the receipt of reports.

### **§ 610.20 Waiver of Late Fee**

- (a) The Judicial Conference's Committee on Financial Disclosure may waive the late filing fee if it determines that the delay in filing was caused by extraordinary circumstances, including a failure by the AO to notify a new entrant, first-time annual filer, or separated filer of the requirement to file the public financial disclosure report, which made the delay reasonably necessary.
- (b) Filers requesting a waiver of the late filing fee from the Committee must request the waiver in writing with supporting documentation. The Committee's determination will be made in writing to the filer, and a copy will be maintained in his or her financial disclosure report file.

### **§ 610.30 Procedure**

- (a) The Committee's staff will maintain a record of the due dates for all financial disclosure reports that must be filed, along with the new filing dates under any granted extensions.
- (b) The date of receipt of each report will be noted.
- (c) For any report not received by the end of the period specified in [§ 610.10](#), the Committee will advise the delinquent filer, in writing, that:
  - (1) because his financial disclosure report is more than 30 days overdue, a \$200 late filing fee is due at the time of filing, under [5 U.S.C. app. § 104\(d\)](#) and [Guide, Vol. 2D, § 610.10](#);

- (2) the filer is directed to transmit to the AO the \$200 fee, payable to the United States Treasury, with the completed report;
  - (3) the filer will be subject to debt collection procedures if he or she fails to transmit the \$200 fee when filing his or her late report; and
  - (4) if extraordinary circumstances exist that would justify a request for a fee waiver under [§ 610.20](#), such request and supporting documentation must be submitted immediately.
- (d) The late filing fee is in addition to other sanctions which may be imposed, including agency disciplinary action, civil action, or criminal action.

## **§ 620 Failure to File or Falsifying a Report**

Under [5 U.S.C. app. § 104\(b\)](#), the Judicial Conference through its Committee on Financial Disclosure can refer to the United States Attorney General the name of any individual that the Committee has reasonable cause to believe has:

- (a) willfully failed to file a report,
- (b) willfully falsified a report, or
- (c) willfully failed to file information required to be reported.

### **§ 620.10 Civil Action**

Under [5 U.S.C. app. § 104\(a\)\(1\)](#):

- (a) The Attorney General may bring a civil action in any appropriate U.S. district court against any filer who knowingly and willfully falsifies or who knowingly and willfully fails to file or report any information that such individual is required to report.
- (b) The court in which such action is brought may assess against such non-compliant filer a civil penalty as prescribed by [§ 104\(a\)\(1\)](#) and adjusted by the inflation adjustment procedures prescribed in the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended.

### **§ 620.20 Criminal Action**

Under [5 U.S.C. app. § 104\(a\)\(2\)](#), an individual may be criminally prosecuted for knowingly and willfully falsifying or failing to file or report any financial disclosure information that such person is required to report under [5 U.S.C. app. § 102](#).

## **§ 630 Misuse of Public Reports**

- (a) The Attorney General may bring a civil action against any person who obtains or uses a report for any purpose prohibited by [5 U.S.C. app. § 105\(c\)\(1\)](#), as incorporated in Guide, Vol. 2D, § 560.
- (b) The court in which the action is brought may assess against the person a civil monetary penalty for any such violation as provided by [5 U.S.C. app. § 105\(c\)\(2\)](#), with an inflation adjustment as prescribed in the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended.
- (c) This remedy will be in addition to any other remedy available under statutory or common law.
