Brett Kavanaugh is unfit to continue as a federal judge; to consider him as a candidate for the Supreme Court is irresponsible, partisan and deleterious. He is a threat to the future of law itself; his confirmation signals a pernicious turn away from obtaining the best available truth during a proceeding. He has repeatedly lied under oath and continues to do so, having lied just yesterday at his Senate Judiciary Committee hearing. In fact, he lied numerous times, seemingly without fear of any type of consequence. He also is credibly accused of sexual assault by a woman who stood her ground and bravely told her story yesterday. How can you, the body who sits in judgement of judges who might commit ethical or practical indiscretions, continue to support a judge who has clearly engaged in amplifying partisan conspiracy theories; appeared completely undone in his hearing yesterday; clearly perjured himself on numerous occasions; and seemed to bolster the idea, with his indignant screeching and whining, that he is not an erstwhile alcoholic but is still engaged in functional alcoholism. Please take a stand on this. It reflects on the entire legal profession and the nation itself. It's obvious that the Republicans are going to push forward with this horrible nominee, you as the Judicial Council of the District of Columbia Circuit, must act to silence him and not have him stand as a beacon for privilege, class nepotism, and the Good Ol Boys network.
