Re: Skinheads USA: Soldiers of the race war.

I wanted to say that I enjoy this documentary. There have been multiple threads on this documentary and most say it portrays White Nationalists badly. I dont really see this. Yes they are living in squalor, but they are all true White Nationalists.

I enjoyed it very much and am in the process of trying to find it on DVD, which seems extremely rare. I could just download it, but I want to own it.

Also on some of the older threads people say that Bill Riccio is/was a snitch. But in one of the older threads a post from a friend of Bill's says he isnt and its a lie.

Id love to see a link or some proof that Bill is a snitch.

Re: Skinheads USA: Soldiers of the race war.

I have seen this documentary twice and am in the process of trying to find it on DVD. I could just download it, but I want to own it.

In many of the threads about this everyone seems to say its make us look bad, so on and so forth. But I disagree.

Yes these folks were living in squalor, but they were White Nationalists.

I would also like to see some proof that Bill Riccio is a snitch.

I would like to expand on why I disagree with your opinion Ian. I consider myself very well versed in racism.

This man may be a redneck, but in 1990s, when more Americans than probably ever were braindead, he was doing something, and in a state as black as Alabama. He was in the street declaring Alabama a White Homeland. Something physical, in real life. And to be honest all the things said by the Nationalists in this documentary dont sound any different than what I read on WN websites.

Yes, the kids were from broken families, but this man was not preying on them by any means. He was showing them the light. I dont find one thing funny, or disgraceful about this documentary. I have seen almost every skinhead film and documentary there is, and this is a good one, because its real and down to Earth.

Hello

Hello, you said you knew of a song from the documentary Skinheads USA Soldiers of the Race War.

It went

Skinheads have the upper hand

White mens strength will save our land

Stand together Unity is key

*****s back to Africa Americans for me.

I was wondering if you knew the name of the band, or if you could contact you friend and find out. You already posted the name of the song and that gave me no result on google. I would also like to know the name of the compilation CD. That may be my best bet.

Re: conversation

You know, Im glad you brought up the point about White women. Because I have a little bit of a different opinion on that than most White nationalists seem to have.

Personally, I dont think the White women should be blamed completely. Sometimes I see these comments on articles about White women that got killed by blacks, and people say these terrible things like "Good riddance" "She deserved it" and "Good job" "Nice hit!"

And they say these things about their own people, who have gotten brutally stabbed 16 times to death. I just dont get it. It seems like the race-mixing White women get the most hate out of anything, even more than the blacks themselves.

And my opinion is that these women are really victims. They have been told thats its ok, even cool, to date black men. They have been told their whole life that blacks are the same.

They have even been told that if they have a baby with a black, it will be better looking. And in their subconscious they probably in some way know that life would be easier for a mixed baby that a White baby.

So, yes, they are race-traitors, but I dont have this hate for them that others seem to have. I actually feel sorry for them when I see them out. Because I know they are probably getting beaten.

I am 20 years old.

Well if you are interested in meeting up one day we can do it. I have a car and we could meet at a place in Columbia just to maybe eat or something. Or like coffee or something I dont really know. Any time of the day would probably be fine with me because I dont have a job.

If you are not interested I understand completely. But if you want to just message me back here or at my email
